📍 Pune India

## Profile

Energetic and motivated Information Technology student with a foundation in programming languages, web development, and a passion for technology. Possessing a solid GPA and a drive for excellence in academics, I am eager to apply my technical skills and knowledge to real-world projects in an internship role. As a dedicated NSS Volunteer and Marketing Head of the PVG ACM Student Chapter, I am experienced in leadership and teamwork, making me a valuable asset to any dynamic engineering team. Seeking an engineering internship opportunity to contribute to innovative projects while gaining hands-on experience in the field.
